Report On The ACCE-Abuja Interview For The Role Of IT Officer

24th November 2020

Report On The Written & Oral Interview For The Position Of IT Officer at ACCE-Abuja

As part of the recruitment exercise carried out on the 23rd November by a panel of highly esteemed members of which the majority were absent, the panel set forth to achieving the goal of testing and evaluating candidates that applied for the position of IT Officer.

As Instructed, a series of written test with questions ranging to thirty-four (34) was presented to the candidates for whom they were provided to answer and solve the problems under the duration of (2) Two hours.

Written Proficiency Test(30%). This section consists of questions and problems from Python Scripting Language and Java (OOP). The results are detailed below:

(1)Eniwonmu Ojo - $(4/34) \times 30 = 3.5$

(2) Uwah Mfon E. - $(10/34) \times 30 = 8.8$

- (3) Ikienu Sadat - $(8/34) \times 30 = 7$
- (4) Suleiman Ibrahim Baba - $(23/34) \times 30 = 20$
- (5) Muhammad Ali Indimi - $(10/34) \times 30 = 8.8$
- (6) Abubakar Ahmad Hussain - $(19/34) \times 30 = 16.8$
- (7) Aliyu Usman - $(3/34) \times 30 = 2.6$

Oral Interview Section(70%). The Oral interview determined all the strengths and weaknesses of the candidates, their backgrounds, proficiency levels on the specific fields in IT and also their problem solving skills. Below are the assessment for the candidates:

- (1)Eniwonmu Ojo - $(45/100) \times 70 = 31.5$
- (2) Uwah Mfon E. - $(30/100) \times 70 = 21$
- (3) Ikienu Sadat - $(20/100) \times 70 = 14$
- (4) Suleiman Ibrahim Baba - $(85/100) \times 70 = 59.5$
- (5) Muhammad Ali Indimi - $(20/100) \times 70 = 14$
- (6) Abubakar Ahmad Hussain - $(60/100) \times 70 = 42$
- (7) Aliyu Usman - $(3/34) \times 30 = 10$

CONCLUSION

Most of the candidates possess different levels of computer savvy skills and a few posses the programming and problem solving skills. The total tally for the candidates can be found below:

- (1)Eniwonmu Ojo - $3.5 + 31.5 = 35$
- (2) Uwah Mfon E. - $8.8 + 21 = 29.8$
- (3) Ikienu Sadat - $7 + 14 = 21$

(4) Suleiman Ibrahim Baba - $20 + 59.5 = 79.5$

(5) Muhammad Ali Indimi - $14 + 8.8 = 22.8$

(6) Abubakar Ahmad Hussain - $16.8 + 42 = 58.8$

(7) Aliyu Usman - $2.6 + 10 = 12.6$.
